

Optimize+ by Helios Consulting

Proactive Workday Optimization to Drive Continuous Value

Optimize+ goes beyond traditional Application Managed Services (AMS), offering structured, strategic enhancements to your Workday environment. With **Optimize+**, your Workday system continuously evolves alongside your business strategy, providing lasting, measurable results and maximizing your investment.

Comparison: Traditional AMS vs. **Optimize+** by Helios

Traditional AMS	Key Factors	Optimize+ by Helios
Reactive, issue-driven	Service Approach	✓ Proactive, strategy-driven
Random support resources	Delivery Model	✓ Dedicated, consistent experts
Minimal or absent	Strategic Alignment	✓ Ongoing quarterly roadmap planning
Complicated rollovers	Flexibility	✓ Simple, transparent Flex Pool
Variable costs, hidden fees	Budget Predictability	✓ Clear, predictable monthly costs
Little or no enablement	Capability Building	✓ Active knowledge transfer and internal capability building
Transactional vendor	Client Relationship	✓ Strategic, collaborative partnership

Why **Optimize+** Matters to Your Business:

Protect & maximize your investment

Your business constantly evolves, your Workday processes, security, and user roles must keep pace. **Optimize+** proactively ensures your environment stays aligned, enhancing productivity while managing risk, maintaining compliance, and keeping your system flexible enough to support your strategic goals.

Consistent Strategic Progress

Regular strategic planning and structured monthly enhancements keep your Workday deployment closely aligned with evolving business objectives, optimizing processes and roles to support your growth.

Transparent Flexibility

With the built-in Flex Pool, you can seamlessly address urgent or unexpected needs, without complicated rollovers, hidden costs, or constraints that slow your business down.

Empowered, Capable Teams

Optimize+ actively builds your internal capability through hands-on knowledge transfer, enabling your team to confidently manage processes, roles, and security settings, making the most of your Workday investment.

Real, Measurable ROI

Every enhancement, from refined business processes to robust security roles, is chosen strategically and demonstrates clear, measurable value. **Optimize+** ensures your Workday environment consistently delivers enhanced productivity, compliance, and strategic alignment.
